

NEW MOM

B I N G O

Breastfed or bottle fed outside your own home 	Took baby out in public 	Gave baby a bath by yourself 	Left baby with someone else (it's cool if you required a pic every 20 minutes) 	Diaper blowout! 
Had intercourse (doesn't matter how brief!) 	Cried because baby was so perfect 	Stranger tried to touch baby without asking 	Got baby in and out of carseat by yourself 	Got your hair cut/ nails done/ went to the dentist or doctor 
Figured out how to unfold stroller and put baby or carseat in by yourself 	Woke up in a panic because you didn't know where baby was 	Gave birth/ adopted/ welcomed foster child 	Cried because baby was driving you insane 	Baby sleeps in crib/bassinet alone (doesn't matter how long!) 
Playdate with other mom(s) 	Fipped out over a minor health thing about baby 	Took a shower while home alone with baby (those phantom cries, though) 	Trimmed baby's fingernails 	Put baby in baby wearing device by yourself 
Gave an even newer mom parenting advice ("yeah, I've been a mom for like 4 weeks so I know what's up.") 	First day back at work if returning to work or first day alone with baby if staying home 	Allowed someone outside the family to hold baby 	Ran an errand by yourself with baby 	Wore an item of clothing from before pregnancy (doesn't matter what!)
